

Small Business Deposit Safes

Adesco's Small Business Deposit Safes are designed to protect excess cash from robbery by making regular drops from the cash register. These units can be assigned to bar tenders and wait staff for their tips, making them less of a target during a gun point robbery. This full line of deposit safes offer several types of protection at a very economical price.

Standard Small Deposit Features:

- Solid formed steel body.
- Hinged door.
- Powder-coated enamel finish.

JO Additional Features:

- Tubular-style key locks with Double "D" configuration (can be retrofitted with other cam locks).
- 3/8" solid steel hinge/dead bar to prevent removal of the door.
- Slot opening above formed door.
- Saw-toothed baffle to protect slot.
- 4 pre-drilled mounting holes.

VN Additional Features:

- U.L. listed Group 2 combination lock.
- One spring-loaded relocking device.
- 1/2" solid steel hinge/dead bar to prevent removal of the door.
- 3/8" solid steel door and formed steel body.

- Hand welded lock bar and jambs for maximum drive resistance.
- Drill resistant carburized lock mount plate.
- Saw-toothed baffle to protect slot (VN710S only).
