

AMERICAN SECURITY PRODUCTS COMPANY

Fire Star Imported Data Safes

The Fire Star DS159 Diskette safe economically provides the recommended fire and humidity protection for valuable cassettes and diskettes. It is a natural companion for the computer workstation, designed to functionally complement the home and office environment.

Features:

- 125°F, one hour, 85% relative humidity, fire rating – provides protection required for cassettes and diskettes.
- Three-wheel changeable combination lock and separate key lock for dual or day lock control.
- Handle activated side locking boltwork mechanism incorporating two 3/4" diameter steel deadbolts preventing door removal if hinges are removed during a forced entry attempt.
- 1,210 cubic inch capacity accommodates eighty 8", one hundred and sixty 3.5", or one hundred and twenty 5-1/4" diskettes.
- Adjustable inner shelf.

- Mounted on casters for ease of movement between workstations.
- Attractive two-toned brown body / blue door metallic baked enamel finish.
- 26" height allows top to become a functional workstation.

MC15 Security Media Chest

- Most media begins to distort in temperatures of 150°F. This UL rated media chest certifies that your film, video, cassettes, computer discs, back up tapes, etc., will be protected in temperatures of up to 1550°F for 1 hour.
- Includes steel latch key lock for added security and easy roll wheels.
- (100) 3-1/2" or 5-1/4" diskettes
(76) 3-1/2" data cartridges

These larger Fire Star Data safes are designed to provide protection for large computer reels, tapes or disk packs. They are also ideal for large capacity storage or for film media storage.

Features:

- 125°F, one hour, (DS2720), 150°F, two hour (DS4320), 85% relative humidity, fire rating – provides protection required for media discs.
- Handle activated top, bottom and side locking boltwork mechanism incorporates four 5/8" x 1-1/4" rectangular steel chromed locking bolts, with bolt detent and relocker.

- Two 5/8" x 1-1/4" rectangular steel deadbolts prevent door removal if hinges are removed during a forced entry attempt.
- Ball bearing hinges facilitate ease of operation.
- Variety of optional adjustable interiors to accommodate all types of media storage.
- Mounted on casters for ease of movement.
