ACF TL-30 Fire Rated Composite Money Chest

ACF4024 shown with auxiliary keylock

AMSEC TL-30 U.L. listed Money Chests qualify for Mercantile & Broadform Insurance Class F with a bank rating of G. AMSEC composite Money Chests offer the highest level of security available for today's market. The composite body and door offer outstanding burglary and fire protection all in one safe.

Features:

Door:

- 5-1/2" thick door constructed of outer and inner steel plates enclosing a high density proprietary composite material.
- Two hour, 350°F factory fire rating. Tested at temperatures up to 1850°F.
- Bolt tensioner keeps locking bolts retracted in the open position.
- Handle designed to shear in case of forced entry attempt.

Body:

- 3-1/4" thick body constructed of inner and outer steel plates enclosing a high density proprietary composite material.
- Door and inner jamb surrounded by thick solid steel bars.
- Adjustable shelves.
- Solid steel dead bars prevent door removal if hinges are removed during a forced entry attempt.
- Compact locking mechanism allows for optional door mounted coin racks.

Locking Mechanism:

- U.L. listed Group II key changeable lock, with relock and 1 million possible combinations.
- Dual auxiliary spring-loaded relocking device, activated by a punching attack.
- Locks and relocks protected by a large proprietary drill shattering composite hardplate.
- A handle activated locking mechanism consisting of three to five 1" diameter chromed steel locking bolts.
- Five boltwork sizes allow AMSEC to build units from 12" to 88" high, widths from 20" to 48".

Hinges:

- Ball bearing hinges fabricated from high strength steel.
- Precision machined alloy dowel pins.
- Oil impregnated bronze bearing assures easy opening doors and reduced maintenance.
- Vertical height adjustment.

Finish:

- Available in Satin Black, Slate Blue, Parchment or the standard Gray textured finish.
